Approximately Equal To Examples with SimBraille

1. One-third is approximately equal to zero point three is written
\[
\frac{1}{3} \approx 0.3
\]

2. AB is approximately equal to 24 meters is written
\[
AB \approx 24 \, m
\]

3. Pi is approximately equal to three point one four is written
\[
\pi \approx 3.14
\]

4. The measure of angle B is approximately equal to 12 degrees is written
\[
m\angle B \approx 12^\circ
\]

5. The cosine of thirty degrees is approximately equal to zero point eight seven is written
\[
\cos 30^\circ \approx 0.87
\]
