

Interpreting Less Than on Number Lines

Matching Game

Match the inequalities on the first page to each of the inequalities graphed on the remaining pages to make a phrase. Braille each letter that goes with the answer to each problem in a new document in order to spell out the phrase. Letters may be used more than once. For problems that say "space", press the space bar. *Note: Students should not use the grade 1 symbol indicator or punctuation indicator when writing their answer since they will be creating a phrase in uncontracted braille.*

Letter	Inequality
g	$x < 1$
o	$x < -2$
i	$x \leq 500$
y	$x \leq -1$
t	$x \leq 2$
u	$x < 5$
