

Graphing Compound Inequalities

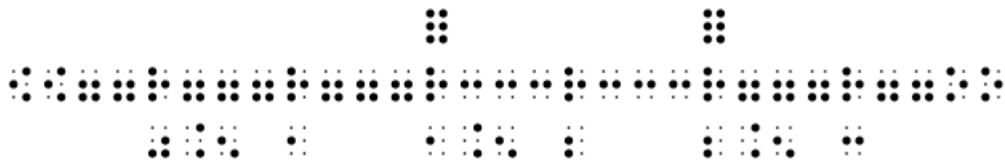

Game 2 Matching Game Answer Key

Match the inequalities on the first page to each of the inequalities graphed on the remaining pages to make a word. In a new document, braille the letter that goes with the answer to each problem in order to spell out the word. Letters may be used more than once. *Note: We have provided the answer for each problem in print to you, but the student only needs to write the letters and spaces in a separate document.*
