

Pre-Kindergarten Transcriber's Notes

Mathematical content is transcribed according to "The Nemeth Braille Code for Mathematics and Science Notation, 1972 Revision," 2007-2016 updates, and the "Guidance for Transcription Using the Nemeth Code within UEB Contexts." Although Nemeth Code switch indicators are included on the special symbols page and used in braille documents designed for teachers and parents, they are not introduced in the Pre-Kindergarten modules so that students may focus on learning the Nemeth numerals 0-10.

In addition, braille documents for students have been transcribed according to the "BANA Guidelines for the Transcription of Early Educational Materials from Print to Braille."
